ing for the benefit of all whom it may concern:

**ADVERTISING**—We would command the following  
facts to the attention of the advertising community.  
The "Wilmington Journal" is in circulation upwards of 1,000

Wilmington is as large as that of any other paper pub-  
lished in the place. We would further state that its  
circulation in the counties which trade to this port is  
THREE TIMES as large as that of any other paper published  
in North Carolina, and that it has been increasing.  
We say, therefore, without the fear of contradiction,  
that it is the best news paper in the State.

#### CONSUMPTION,

And all diseases of the lungs cured by

DR. SWAYNE'S

COMPOUND SYRUP OF WILD CHERRY.

The Original Compound Preparation.

ANOTHER LIFE PREPARED.

Philadelphia, Sept. 25, 1846.

Dr. Swayne—Dear Sir: Having seen the as-  
tonishing cure performed on Mr. Thomas, by your  
Compound Syrup of Wild Cherry, I was induced to  
try it on myself. I was taken with a violent  
cough, spitting of blood, shortness of breathing,  
together with violent attacks of asthma; I had  
overdone myself from exertion which I was not  
able to perform, which prostrated my system to a  
great extent. I commenced the use of your Com-  
pound Syrup of Wild Cherry, which gave me al-  
most immediate relief, and I am glad to give my  
testimony to all who may be afflicted in a similar  
way. It will be well to see that the signature of  
Dr. Swayne is on each bottle of Wild Cherry.

W. M. WALTON.

13th st., 2 doors from the corner of Willow.

Beware of the worthless "Balsams," "Bitters,"

"Syrups," &c., as they contain none of the vi-  
tamins of the original preparation.

by Dr. Swayne, corner of Eighth and Race  
streets, Philadelphia, and for sale by Agents in  
all parts of the United States, and some parts of

#### 50,000 Victims every Year

BY ALL a prey to Consumption, Asthma, and

Swabs.

Mrs. Adams, 126th street, Harlem, suffered a  
year with a cough, pain in the chest, night sweats,  
and all the aggravated symptoms of Consumption,  
when reduced to the point where she tried Sherman's Bal-  
sam—half a bottle.

*Ulcerated Lungs and Liver.*—Mr. E. T. Lawrence,

Jackson street, Brooklyn, after years of suf-  
fering, and treated by various physicians, was pro-  
nounced incurable from ulcerated lungs and liver.

Dying, as was supposed, he tried the Balsam, its

effects were most miraculous; two bottles cured him.

*Pleurisy and Consumption.*—Mrs. Baggs, resid-  
ing at 88 Scherif street, 70 years old, has been sub-  
jected to attacks of pleurisy and consumptive  
coughs for years. The Balsam has saved her from  
very great suffering.

*Asthma and Consumption.*—L. J. Beals, 19

Delancey street, gave it to his sister-in-law who  
had been an invalid for years from Asthma; to  
another considered as in consumption. It relieved  
them at once, so that they travelled several hun-  
dred miles.

*Spitting is always alarming.* It leads to the  
worst kind of Consumption, and unless arrested  
in time is generally fatal. Sherman's All-  
Healing Balsam is the best remedy known; it  
heals the wounded and ruptured blood vessels of the  
lungs, and cures a person of the disease, while  
other remedies only stop the blood for a time.

A few doses of this Balsam will satisfy the most  
skeptical that it is the medicine required. It has  
been successful in many cases, and that too where  
they had run into a rapid decline, or, as more gen-  
erally expressed, "*Hasty Consumption.*" Young  
persons, or those of middle age, are more subject  
to these attacks than the aged.

Price 25 cents and \$1 per bottle.

Dr. Sherman's Cough and Worm Lozenges,  
and Poor Man's Plasters, sold above.

Principal Office 106 Nassau street, New York.

The principal medicine is for sale by LIPPITT &

# WILMINGTON JOURNAL.

Friday, November 12, 1847.

## AGENCY.

JAMES M. RICHMOND, Post-master at Newark, is Agent for this paper, for Edgecombe and the adjoining counties. Mr. R. will take pleasure in receiving new subscribers and receipts for any money due us in that city.

JOSEPH MARSH, Post's Buildings, corner of Hanover and Beaver streets, N. Y., is our agent, for receiving Advertisements in that city, for publication in the Journal. He will also receive subscribers for the same.

MR. JAMES BURCH is our authorized agent to make collections due the "Journal" office in this town and county.

MR. WASHINGTON COLLINS, Esq., is authorized to collect and give receipts for our paper in his neighborhood.

## REMOVAL.

The "Journal" printing office has been removed to the second story of the building, in which it has been before been carried on. Entrance on Princess street, opposite the Bank of the State.

The Editor's office is now on Princess street, 2d door from the corner.

Entrance to printing office third door from the corner.

Mr. Eboron—Dear Sir: I know it will afford you pleasure to grant me a little corner in your Journal to express my great satisfaction at the exhibition of some of the pupils of the Deaf and Dumb Asylums of our State, by its very worthy conductor, Wm. D. Cooke, Esq.

At a very early hour on Monday evening last, the Masonic Hall was crowded to overflowing, and after a short but pertinent address from Mr. Cooke, explanatory of the object of the exhibition, the nature of the institution, and the mode of instruction, the pupils were invited to take a position on the stand. They were then taken through various exercises of the most interesting character, affording the most ample and satisfactory evidence of the value of the institution, as well as of their proficiency in the different branches of English literature.

Gen. TOM THUMB.—This little great man was in Charleston at last accounts. Why didn't he give our town a passing call?

ARMS AND LEGS.—A Surgeon of the U. S. Army, writing home to a friend of his, concerning the practice in his line of business, holds the following language:—

"After operating, with my assistants, till three o'clock in the morning, I left the building of which I had made a temporary hospital, to take an hour's rest in the open air. I turned round to look at my amputation table, under it was a perfect heap of arms and legs; and, looking at myself, I found I was covered with blood from head to foot."

YELLOU FEVER IN NEW ORLEANS.—We have not had rain in this section of the State for several weeks, and every thing is parched up with the drought. The weather, too, during the past fortnight, has been extremely warm, so much so that fires have been far entirely unnecessary.

INTERNAL IMPROVEMENTS.—The Commissioners of our town, our city fathers, are building a new Market House, immediately east of, and nearly adjoining the site of the old one. We learn that it will be quite a neat building, supported upon metal columns, and paved either with tiles or hewn stone. The old Market House is now in progress of being removed.

"THE AMERICAN ART UNION"—Mr. Thos. W. Brown, of this place, who is one of the Honorary Secretaries of this institution, has presented us with a pamphlet containing the details of the objects, &c., for which it was incorporated by the State of New York. The object of the institution is to cultivate and promote a taste for the fine Arts in the United States. Every one who will contribute \$5, becomes a member for one year, and is entitled to a splendid engraving, which we should say was worth the money of itself. In addition, however, to this, a large number of paintings are distributed by lottery, amongst the members every year. The institution is doing a great deal towards accomplishing the end for which it was established. We are requested by Mr. Brown to say that he will be happy at all times to give those who may desire it, all information on this subject.

THE NORTH CAROLINA REGIMENT.—We publish in this week's paper no less than three articles, all bearing upon the recent (and we fear present) difficulties in the North Carolina Regiment now on the Rio Grande. In devoting to them such a large space in our columns, we think that we are but doing an act of sheer justice to the actors in the various scenes to which they refer. We think, too, that as a public journal, it is our duty to spread before our readers those things which we feel confident must interest each and every one of them. For surely the honor of the whole State is involved in the recent difficulties which have occurred in our Regiment of Volunteers; and most assuredly the people of North Carolina should be informed, as far as may be, by whom these unfortunate difficulties were brought about. We, for one, intend that they shall.

That Col. Paine has acted in a manner totally unbecoming the character of a commander of a Regiment of American soldiers, none, we presume, will, at this hour, attempt to gainsay. That he should resign, we also think is the opinion of all, if only to save the State from an accumulation of evils, by his being made to quit under the sentence of a Court-martial; for we suppose that an inquiry will be made into his conduct; and if there is we have little doubt of the result of that inquiry. We forbear at present, however, from saying more on this subject.

PENNSYLVANIA AND THE WILMOT PROVISO.—We cannot but strongly hope, for the sake not only of the Democratic party, but for the welfare of this glorious Union, that all will yet go well with the Democracy of the North. We do most earnestly trust that the—we had almost said infernal—spirit of Abolitionism which so far infected a portion of our party at the recent election in New York, will yet be put down, and that by the sterling Democracy of the North. The following, which we clip from the Pennsylvanian, a leading Democratic paper of the old Keystone State, brings to us, of the South, cheering on its wings. We feel grateful to the Pennsylvanian for its noble cause, and we doubt not but the sterling Democracy of that great State will uphold it in its course:—

"GENERAL SCOTT AND TAYLOR.—The following extract of a letter written by Colonel Jefferson Davis, is reply to an invitation to attend a Barbecue in honor of Gen. Taylor, given by the citizens of Concordia Parish, La., will throw some light upon the reasons why and wherefore a large portion of the troops were drawn from the valley of the Rio Grande, and ordered to General Scott's column. It will be seen that it was upon General Taylor's own recommendation that this disposition was made:

"Before closing, I will recur to a recent and characteristic exhibition of his disinterested patriotism. He was called on by the administration for his opinion as to the best mode of prosecuting the war with Mexico. In view of embarrassments which surrounded General Scott, and the importance of the operations in which he was engaged, Gen. Taylor recommended that a portion of his command be sent to reinforce the southern column. For the good of his country, he sacrificed his long deferred hope of an advance at the moment of his fulfilment, and doomed himself to the worst punishment of a soldier—inactivity on a line of defence. For the good of his country, all personal ambition, all rivalry, were forgotten—he gave his vest also to man who had taken his coat, and left him exposed to the storms of Buena Vista.

"Permit me to offer you for the occasion:—"GENERAL TAYLOR.—The soldier who 'never surrenders' the citizen whose love is 'for the country, the whole country'; the man whose sacrifices are all of himself."

"Very respectfully yours,  
JEFFERSON DAVIS."

MORE TROOPS.—The Executive has determined to call out another Regiment of Volunteers from Tennessee. The preference is given to the ten companies already raised.

Gov. SHUNK.—The Perry County Democrat, and the Doylestown Democrat, recommend Governor Shunk, of Pennsylvania, as the Democratic candidate for the Presidency in 1848.

THE FOLLOWING STATISTICS OF THE HEIGHTS OF OUR PRESIDENT'S MAY BE INTERESTING TO SOME OF OUR READERS. IT WILL BE SEEN THAT THEY HAVE BEEN CONSIDERABLY OVER THE AVERAGE SIZE OF MEN:—

Gen'l Washington was fully 6 feet. John Adams, 6 " 10 inch. Thomas Jefferson, 6 " 9 " James Madison, 5 " 9 " James Monroe, full 6 " John Quincy Adams, 5 " 10 " Andrew Jackson, 6 " 1 " Martin Van Buren, 5 " 8 " Wm. H. Harrison, 5 " 10 " John Tyler, 6 " John C. Polk, 5 " 10 "

JARED W. WILLIAMS is the Democratic candidate for Governor in New Hampshire. Of course, there is no doubt of his election. The Granite State almost always comes right side up.

NEW JERSEY ELECTION.—The Election which took place in this State on the 2d inst., for Governor and members of assembly, resulted in the triumph of the Democratic party. Daniel Haines, dem., is the Governor elected by a majority of about 2500 votes. Thus have we during the last few weeks, carried the popular vote of Georgia, Ohio, Maryland, and Pennsylvania; States, too, which are generally so nearly balanced as to make both parties confident of victory up to the time the votes are counted out. This does not look like the administration's being so very unpopular.

BULL'S PAUPERS.—The whole number of paupers in England is stated to be 640,265.

THE ANNUAL MEETING OF THE STOCKHOLDERS OF THE HIGH RAIL ROAD, convened at the New Haven yesterday.

EXHIBITION OF THE DEAF AND DUMB.—We did not have the pleasure of being present at the Masonic Hall on Monday night last, when Mr. Cooke gave his very interesting exhibition. We did endeavor to be present, but the crowd was so great that we found it impossible to get into the Hall. A gentleman who was more fortunate than ourselves, furnishes us with the following communication:—

MR. Eboron—Dear Sir: I know it will afford you pleasure to grant me a little corner in your Journal to express my great satisfaction at the exhibition of some of the pupils of the Deaf and Dumb Asylums of our State, by its very worthy conductor, Wm. D. Cooke, Esq.

I turned round to look at my amputation table, under it was a perfect heap of arms and legs; and, looking at myself, I found I was covered with blood from head to foot."

YELLOU FEVER IN NEW ORLEANS.—We find in the New Orleans National a recapitulation of those who have died of Yellow Fever in that city during the present season.

Again: does the Chronicle, under all the circumstances, claim the late election in New York, a Whig victory? If he does, then he must admit that the Whigs of New York have triumphed solely on the strength of their adoption of a doctrine against which the whole South, whether Whig or Democratic, is most strenuously battling; and if the Democratic ticket has been defeated, was it not because the Democratic Convention which nominated that ticket, refused to adopt this, to us of the South, obnoxious doctrine—the Wilmot Proviso? Does not the Chronicle know these facts? Does not the Chronicle know that the New York Whig State Convention adopted the abolition resolution—the Wilmot Proviso—which had been rejected by the Democratic Convention which met at Syracuse? and will the Chronicle, a Southern paper, still claim New York whigs as brethren?

U. S. NAVY.—We learn from the Norfolk papers that there are now lying in that port quite a number of U. S. vessels of war. There are at the Naval anchorage, the ship Pensylvania and frigate Cumberland, the latter to sail in a few days for Chagres, with Com. Jones and Capt. Stirling. At Gosport Navy Yard, the new steam frigate, and the ship New York; at the Dry Dock, in ordinary, ship Delaware, and sloops Fairfield, Vandala, St. Mary's, and Levant; moored off the Navy Yard, frigates Constellation, St. Lawrence, Potomac, and Raritan, sloop St. Louis, brig Bainbridge, and steamer Union. At the wharf, brig Porpoise, fitting for sea, frigate Columbia, steamers Alleghany and Iris, and schr. John Y. Mason. There are about 860 persons employed at this yard at present.

DOES our neighbor of the Chronicle know that it is one of the articles of war that no officer of the army shall be dishonorably discharged from the service, unless he is so discharged either by the sentence of a Court Martial, or the order of the President of the United States? How, and in what manner were Lieutenants Singelary and Pender dishonorably discharged from the service of the United States? Why, by the simple order of Gen. Wool, without any hearing whatever—Still the Chronicle thinks the President ought not to have interfered. We think that the President would have failed to perform one of his most binding and important duties, had he refused to reinstate these two officers. We thought the Chronicle was a great scold, for law and order! Did not those who dismissed these two officers from the army, without any sort of trial, clearly violate all "law and order"? And was not the President bound to repair the wrong which had been done by this violation? What say you, neighbor?
